### ATTACKED ON THE HIGHWAY.

John Prendergast narrowly escapes an Assassin's Knife.

John Prendergast says he was walking on the Lexington pine near Judge White's residence shortly after 8 o'clock last night.

Without the slightest warning some one pounced upon him, striking him in the neck and almost simultaneously slashing at him with a knife or razor.

Prendergast pulled his artillery and immediately began surveying Colonel Baldwin's favorite trip.

Prendergast's topcoat and bottom coat were both cut through, but the flesh was undisturbed.

He has no idea who his assailant was, and could not tell whether it was black or white.

## MAY SWING.

Sentence of the Campbell County Court Affirmed.

Scott Jackson, one of the Murderers of Pearl Bryan, Must Hang

Unless Gov. Bradley Interferes—Death Warrant to Be Signed by Gov. Gov. Worthington—Decision of the Writings' Case Postponed for a Week.

FRANKFORT, Ky., Dec. 9.—The court of criminal appeals has affirmed the death sentence pronounced against Scott Jackson at Covington for the murder of Pearl Bryan. The governor will fix the date of execution. The decision was prepared by Associate Justice Hartman.

The same case before the court of appeals on an appeal from the Campbell county circuit court, and the decision is thought to mean the same result later on the appeal of Alonzo Wallin, accused to death as Jackson's accomplice.

After a brief summary of the facts in the case the decision says:

"Some direct proof connected the two men with the girl on the very night of her death, but the prosecution rested chiefly on circumstantial evidence. The court holds that none of the alleged errors are well taken. The court then gives its reasons for upholding the sentence, the lower court as follows:

1. The indictment is sufficient, in fact its accuracy and conciseness of opinion is to be commended.

2. The seal of the sheriff in performing his duty in the arrest of the perpetrator of the crime, can not be urged as a sufficient cause for his removal from attendance on the trial and from the performance of his usual duties connected therewith.

3. The ticket system of admission was adopted only to prevent the over-crowding of the court and in no sense prevented a public trial within the meaning of the constitution.

4. The ruling of the court in admitting testimony and in rejecting it during the trial are free from substantial error.

5. The instructions given cover the distinct phases of the case and the facts suggested in them arise naturally out of the proof and will embody correct principles of law.

6th.—The appellant had a fair and impartial trial; and the judgment is affirmed.

It now devolves upon Acting Gov. Worthington to issue the death warrant, and he will doubtless be asked to extend the executive clemency. Bradley has already partly placed the case in his hands, and it is safe to say that Acting Governor Worthington will not interfere with the judgment of the court.

A petition for a rehearing will probably be filed by Jackson's attorneys, but the present decision is regarded as final.

The fate of Alonzo Wallin, the accomplice of Jackson, will not be known until some time next week, when a decision will be rendered.

COVINGTON, Ky., Dec. 9.—Scott Jackson, in jail here, was informed of the decision of the court of criminal appeals Tuesday morning, and for a minute was dazed. His eyes took on a wild look and a pallor mounted to his cheeks.

"Well, that is not what I expected," said Jackson, when he had recovered from the momentary shock.

"Is there any statement you would like to make?"

"No, nothing at all," said the prisoner, who turned and walked back into the cell.

Newport, Ky., Dec. 9.—Sheriff Plummer Tuesday received a telegram from Frankfort offering \$500 for the rope if it should have hung Jackson and \$500 for the latter to be decapitated, and \$500 for the first thing at Wednesday's session.

INDIANAPOLIS, Ind., Dec. 8.—A special to the Sun from Cincinnati, O., says:

Col. Nelson, who presented Jackson's case to the court of criminal appeals, said: "I am sorry for him as a man, but glad that a awful criminal pays a just penalty."

Judge Helm said: "I never had decided which was appealed, ruled against me. I tried to try Jackson honestly."

Col. Crawford, who defended Jackson, insists that there is still hope for Jackson, and he will make an appeal to Gov. Worthington at least a delay in passing the sentence.

Gov. Bradley said: "I will give the non-concurring opinion of the court of appeals a careful study and if any defense can be proved by Jackson's attorney, that gives Jackson a right for a new trial, he will get it. But it is certain he must pay the penalty."

GREENCASTLE, Ind., Dec. 9.—The decision of the Kentucky court of appeals in the Jackson case was read to him with great interest. Members of the Bryan family expressed the belief that justice will be reached by Jackson's execution. Mrs. Jackson, mother of the doomed man, is not home. She is staying with Mr. or Mrs. Col. Post, Jackson's brother-in-law, was informed by a reporter of the United Associated Press. He thanked the reporter for the information, but refused to talk further. Mrs. Post, who is a sister of Jackson, could not be seen. She is deeply grieved over the court's decision.

Mrs. Gladstone's Health.

LONDON, Dec. 9.—Mrs. Gladstone has been afflicted with frequently recurring fits of rheumatism of the heart since last Thursday. The doctors attending the ex-premier stated that although these attacks are momentarily alarming, there is really no cause for anxiety, but it will be necessary for Mrs. Gladstone to spend the winter at Cannes.

## THE CONGRESS.

Federal Bill Passed by the House—Senate in Session Less than Half an Hour.

WASHINGTON, Dec. 9.—SENATE.—The Senate sat less than half an hour yesterday until Wednesday as a mark of respect to the memory of the late Senator Clegg. The bill to prohibit gambling during the recess was the presentation of communications from several of the departments, including the treasury, following the passage of the Dingell bill. An effort was made by Mr. Calm (dcm. Fla.) to get a resolution to prohibit gambling during the recess, but no stage of moving business had not been reached when he forced a vote for another day. The bill was referred to the committee on agriculture, where it would next Thursday submit some remarks on that subject.

House of Representatives promptly got down to business, resuming the call of committee where it left off at the close of last session. The bill was introduced by Mr. Dingell, and post roads occupied nearly three hours of the session, in that period securing the passage of the bill. The bill was referred to the use of postal postal cards (22) authorizing the postmaster general to allow an increase in the postage of letters for the loss of registered packages of letters; (3) authorizing the appointment of letter carriers; (4) authorizing the use of the free delivery system, where the free delivery system is not established, the cost thereof to be borne by the carrier; (5) authorizing the use of the national mail system, and (6) authorizing the use of representatives of the United States in Congress, in congress, as members of the House of Representatives.

MAIDRID, Dec. 9.—The message of President Cleveland to congress where he has been seated since the opening of the Cuban question, created a bad impression in political circles and depressed the bourse. In government circles great reliance is maintained, none of the officials displaying willingness to discuss the matter. The Spanish government, however, some satisfaction is expressed that the message does not in any way advocate the absolute independence of Cuba and does not support the proposals to recognize the independence of the rebels.

The opposition papers are greatly irritated by the threat of intervention on the part of the United States unless Spain speedily suppresses the rebellion. They declare that Spain is fully able to meet the situation.

The ticket system of admission was adopted only to prevent the over-crowding of the court and in no sense prevented a public trial within the meaning of the constitution.

MARY HARRIS.

WASHINGTON, Dec. 9.—A banquet was given by the republican congressional campaign committee at Metropolitan club Tuesday night, to Hon. Marcus A. Hanna, chairman of the republican national committee, to which were invited a number of the members of the national committee and others, most of whom had been active co-workers of the chairman during the late political campaign.
